

Deutsche Postbank Funding Trust I

(a statutory trust formed under the Delaware Statutory Trust Act with its principal place of business in New York, NY, U.S.A.)

Financial Report

Annual Financial Report 2009

pursuant to section 37v of the German Securities Trading Act (*Wertpapierhandelsgesetz*)

Management Report

Deutsche Postbank Funding Trust I (the "Trust") was set up to issue Trust Preferred Securities, to issue a Trust Common Security to Deutsche Postbank AG (the "Postbank") and to use all proceeds derived from such issuances to purchase Class B Preferred Securities issued by Deutsche Postbank Funding LLC I (the "Company").

The noncumulative trust preferred securities (the "Trust Preferred Securities"), liquidation preference amount €1,000 per security (the "Liquidation Preference Amount"), offered hereby represent preferred undivided beneficial ownership interest in the assets of Trust, a statutory trust created under the laws of the State of Delaware, United States of America. One common security of the Trust will be owned by Postbank. The assets of the Trust will consist solely of noncumulative Class B Preferred Securities issued by Company, a Delaware limited liability company which has the benefit of a support undertaking issued by Postbank. The terms of the Trust Preferred Securities will be substantially identical to the terms of the Class B Preferred Securities. The Company will invest the proceeds from the sale of the Class B Preferred Securities in subordinated debt obligations issued by Postbank.

The Trust Preferred Securities and the Class B Preferred Securities will not have a maturity date and will not be redeemable at any time at the option of the holder thereof. The Trust and the Company may redeem the Trust Preferred Securities and the Class B Preferred Securities, as the case may be, on the Initial Redemption Date scheduled to occur on December 2, 2010 or any Capital Payment Date, except upon the occurrence of certain tax and capital disqualification events.

Noncumulative Capital Payment will accrue on the Liquidation Preference Amount (i) from (and including) December 2, 2004 to December 2, 2005 (the Reset Date) at a fixed rate of 6.00 per cent, per annum, payable in arrears on the Reset Date and (ii) for each Capital Payment Period commencing on or after the Reset Date at the Reference Rate for such Capital Payment Period plus 0.025 per cent per annum, payable semi-annually in arrears on June 2 and December 2 in each year, commencing on June 2, 2006, provided that no Capital Payment for any Capital Payment Period commencing on or after the Rest Date shall accrue at a rate of more than 8.00 per cent per annum.

Capital Payments on the Class B Preferred Securities are authorized to be declared and paid on any Capital Payment Date to the extent that:

- the Company has an amount of Operating Profits for the Capital Payment Period ending on the day immediately preceding such Capital Payment Date at least equal to the amount of such Capital Payments, and
- Postbank has Distributable Profits for the preceding fiscal year for which audited unconsolidated financial statements are available in an amount at least equal to the aggregate amount of such Capital Payments and all capital payments, dividends or other distributions on Parity Securities, if any, which Distributable Profits for the preceding fiscal year are allocated among Capital Payments and capital payments, dividends or other distributions on Parity Securities, pro rata.

The terms "Operating Profit", "Distributable Profits" and "Parity Securities" are described in detail in the Prospectus.

Results of Operations

During the fiscal year 2009, the Company and the Postbank had sufficient Operating Profit and Distributable profits, respectively to make Capital Payments at the Stated Rate and the Trust received Capital Payments from the Company at such rate and when due under the LLC Agreement. As a consequence, under the Trust Agreement the Trust made Capital Payments on the Trust Preferred Securities at such rate at the scheduled date. The Trust made no payments or other distributions on the Trust Common Security.

Under the Services Agreement, the Postbank is obligated, among other things, to provide legal, accounting, tax and other general support services to the Trust, to maintain compliance with all applicable U. S. and German local, state and federal laws, and to provide administrative, recordkeeping and secretarial services for the Trust. The fees and expenses of the Trust and all other obligations of the Trust will be paid by the

Postbank. During the fiscal year 2009 the Trust received all such services and the Postbank paid such fees, expenses and obligations as provided in the Services Agreement.

Net income in fiscal year 2009 was 254 euro.

Risk Report

The Trust is affected mainly by market price, credit and liquidity risk. Market price, credit and liquidity risks are managed by Postbank Group.

Market risk

Market risk denotes the potential risk that may lead to losses in financial transactions due to changes in interest rates, spreads, volatilities, commodity prices, exchange rates, and equity prices.

The market risk in form of interest rate risk is compensating between the asset and liability side. Therefore, the implementation of a sensitivity analysis is not economically.

Liquidity risk

Liquidity risk is defined as the risk of being unable to meet its current or future payment obligations, either in the full amount due, or as they fall due.

Since are the terms of the assets and liabilities equal, the liquidity risk is compensating between the asset and liability side.

Credit risk

The risk of possible losses arising from the inability of a counterparty to discharge its payment obligations or from a deterioration in its credit rating.

Credit risk is entirely indirectly LLC I opposite of the Postbank. The Postbank has investment grade rating. A default of Postbank is not expected.

Outlook

The source of Capital Payments by the Trust is payments by the Company on the Class B Preferred Securities. The Company has invested substantially all the proceeds from the issuance of its securities in the Initial Obligation issued by the Postbank. Under the Initial Obligations, interest is paid at the Reference plus 0.035 per cent per annum and at the same dates as Capital Payments are scheduled under the Class B Preferred Securities. The Company is also a party to the Services Agreement with the Postbank and receives similar services and payment of fees, expenses and obligations as the Trust. The Trust expects that the Company and the Postbank will continue to meet their respective obligations under the Class B Preferred Securities, the Initial Obligation, the Services Agreement and the other agreements made in connection with the Trust Preferred Securities. For 2010 and 2011 the Trust is expecting a similar net profit as in 2009.

Deutsche Postbank Funding Trust I

Notes to Financial Statements

Year ended December 31, 2009

(1) Organization

Deutsche Postbank Funding Trust I (the "Trust") is a statutory business trust created on December 2, 2004 under the laws of the State of Delaware. The Trust was incorporated for the sole purpose of issuing EUR 300,000,000 of Trust Preferred Securities to investors and EUR 1,000 Trust Common Security to Deutsche Postbank AG ("Postbank"). The proceeds from the issuance of the Trust Preferred Securities were used to purchase the capital stock from Deutsche Postbank Funding LLC I (the "Company"). The Trust does not engage in any business other than receiving and holding the capital stock, issuing the related Trust Preferred Securities, collecting dividends paid with respect to the capital stock, paying interest to the holders of the Trust Preferred Securities, and performing other obligations. The financial statements and all transactions entered into by the Trust and the Company are denominated in Euros.

The Trust entered into a Services Agreement with Company. The Company is obliged to pay the fees and expenses of the services and all other obligations of the Trust pursuant to the Services Agreement including any fees for German authorities. The audit fees will be paid by the Postbank.

The Postbank is the parent entity of the Trust. The Trust is included in the consolidated financial statements of the Postbank Group. The ultimate controlling party of the Trust is Postbank.

(2) Basis of Accounting

The financial statements constitute an annual financial report within the meaning of the Transparenzrichtlinie-Umsetzungsgesetz (TUG – Transparency Directive Implementing Act (section 37v of the WpHG – Securities Trading Act)) as of January 5, 2007.

Interest income represents the payments received or receivable from the subordinated note receivable from Postbank and interest expense represents payments paid or payable from the issuance of preferred securities subject to mandatory redemption.

The Trust is a grantor trust and, as such, is a simple trust. Simple trusts must pass through all items of income and deductions to the grantor. Therefore, the Trust has no taxable income and no requirement to record a tax expense.

The disclosures on risks from financial instruments (in accordance with IFRS 7) are presented in the Risk Report contained in the Management Report.

The following Standards were required to be applied for the first time in the reporting period: IFRS 8 "Operating Segments", IAS 1 "Presentation of Financial Statements (revised 2007)", IAS 32 "Financial Instruments: Presentation" and the "Annual Improvements Project 2008". Effects for Trust resulted from IAS 1 (rev. 2007). The core element of the amendment to IAS 1 is the extension of the existing income statement to include gains and losses recognized directly in equity to produce a statement of comprehensive income. The Trust has no gains and losses which would have to be recognized directly in equity. Therefore effects from the revised IAS 1 resulted only in the change of the title from "income statement" to "statement of comprehensive income".

The Trust comprises only one segment that is why it waived the segment reporting in accordance with IFRS 8.

(3) Summary of Significant Accounting Policies

All assumptions, estimates and assessments required for recognition and measurement in accordance with the IFRSs are in conformity with the respective Standards, are regularly reassessed and based on past experience as well as other factors, including expectations as to future events that appear reasonable under the given circumstances.

(a) Investment securities

The investment securities are classified as loans and receivables (LaR) in accordance with IAS 39.

Loans and receivables (LaR) portfolios are recognized at amortized cost in the balance sheet.

For the investment securities regarding the Fair Value disclosures present value estimates were used as they are not traded at an active market.

(b) Liabilities

Pursuant International Accounting Standards (IAS) 32, *Financial Instruments: Disclosure and Presentation*, and IAS 39, *Financial Instruments: Recognition and Measurement*, the Trust Preferred Securities have been classified as liabilities and are described as "Preferred Securities Subject to Mandatory Redemption".

Liabilities debts are carried at amortized cost (IAS 39.47).

(4) Preferred Securities Subject to Mandatory Redemption

On December 2, 2004, the Trust issued EUR 300 Million of Trust Preferred Securities. The Trust Preferred Securities have no stated maturity, but are redeemable, in whole or in part, at the option of the Trust on December 2, 2010 (the "Initial Redemption Date") or after the Initial Redemption Date. Payment Dates occur on June 2 and December 2 of each year. Holders of the Trust Preferred Securities will receive interest payments, on a noncumulative basis, accrue on the Liquidation Preference Amount (i) from (and including) December 2, 2004 to December 2, 2005 (the Reset Date) at a fixed rate of 6.00 per cent, per annum, payable in arrears on the Reset Date and (ii) for each Capital Payment Period commencing on or after the Reset Date at the Reference Rate for such Capital Payment Period plus 0.025 per cent per annum, payable semi-annually in arrears on June 2 and December 2 in each year, commencing on June 2, 2006, provided that no Capital Payment for any Capital Payment Period commencing on or after the Rest Date shall accrue at a rate of more than 8.00 per cent per annum.

Deutsche Postbank Funding Trust I

Notes to Financial Statements

Year ended December 31, 2009

(5) Related Party Transactions

Related party transactions consist of the Class B Preferred Securities dated December 2, 2004, which is with Deutsche Postbank Funding LLC I (the "Company"), an affiliated entity. The Securities is in the amount of €300,001,000. The Securities will not have a maturity date and will not be redeemable at any time at the option of the holder thereof. The Trust and the Company may redeem the Trust Preferred Securities and the Class B Preferred Securities, as the case may be, on the Initial Redemption Date scheduled to occur on December 2, 2010 or any Capital Payment Date, except upon the occurrence of certain tax and capital disqualification events.

The Securities bears interest from (and including) December 2, 2004 to December 2, 2005 (the Reset Date) at a fixed rate of 6.00 per cent, per annum, payable in arrears on the Reset Date and (ii) for each Capital Payment Period commencing on or after the Reset Date at the Reference Rate for such Capital Payment Period plus 0.025 per cent per annum, payable semi-annually in arrears on June 2 and December 2 in each year, commencing on June 2, 2006, provided that no Capital Payment for any Capital Payment Period commencing on or after the Reset Date shall accrue at a rate of more than 8.00 per cent per annum.

All interest earned on the Securities is passed through to the holders of the Trust Preferred Securities in the form of interest payments.

The Securities receivable shall not be redeemable by the company prior to the maturity date except upon the occurrence of a Tax Event, a Regulatory Event or Investment Company Event (as defined in the Agreement). If the company redeems the subordinated note receivable, the Trust must redeem the Trust Preferred Securities under the redemption terms as stated in the Agreement. Any redemption of the Trust Preferred Securities, in whole or in part, will be at an amount equal to €1,000 per Trust Preferred Security and an amount equal to €1,000 per Trust Common Security, plus any additional amounts, if any, plus any accrued and unpaid Capital Payments for the then current Payment Period ending on the date of redemption (the "Redemption Price"). In the case of redemption upon the occurrence of a Trust Special Redemption Event (as defined in the Agreement), the Company Capital Securities would be distributed, after satisfaction of the claims of the creditors, if any, on a pro rata basis to the Holders of the Trust Preferred Securities and the Holder of the Trust Common Security in liquidation of such Holders' interest in the Trust.

In the event of any voluntary or involuntary liquidation, dissolution, winding up or termination of the Trust, the holders of the Trust Preferred Securities at the time outstanding shall, subject to certain limitations, be entitled to receive (a) the Company Capital Securities in an aggregate stated liquidation preference amount (as defined in the Agreement) on such Trust Securities and (b) pro rata based on the respective liquidation preference amounts of the Trust Securities, any other assets of the Trust.

Deutsche Postbank Funding Trust I

Notes to Financial Statements

Year ended December 31, 2009

A Tax Event means the receipt by the Postbank of an opinion of a nationally recognized law firm or other tax adviser in the United States or Germany, as appropriate, experienced in such matters, to the effect, that, as a result of (i) any amendment to, or clarification of, or change (including any announced prospective change) in, the laws or treaties (or any regulations promulgated thereunder) of the United States or Germany or any political subdivision or taxing authority thereof or therein affecting taxation, (ii) any judicial decision, official administrative pronouncement, published or private ruling, regulatory procedure, notice or announcement (including any notice or announcement of intent to adopt such procedures or regulations) ("Administrative Action") or (iii) any amendment to, clarification of, or change in the official position or the interpretation of such Administrative Action or any interpretation or pronouncement that provides for a position with respect to such Administrative Action that differs from the theretofore generally accepted position, in each case, by any legislative body, court, governmental authority or regulatory body, irrespective of the manner in which such amendment, clarification or change is made known, which amendment, clarification or change is effective, or which pronouncement or decision is announced, on or after the date of issuance of the Company Securities and Trust Securities, there is more than an insubstantial risk that (a) the Trust or Company is or will be subject to more than a de minimus amount of taxes, duties or other governmental charges, or (b) the Trust, the Company or an obligor on the Debt Securities would be obligated to pay additional amounts.

A Regulatory Event means that, as a result of the occurrence of any amendment to, or change (including any change that has been adopted but has not yet become effective) in, the applicable banking laws of Germany (or any rules, regulations or interpretations thereunder, including rulings of the relevant banking authorities) or the guidelines of the Basle Committee for Banking Supervision, the Postbank is not, or will not be, allowed to treat the Company Capital Securities as supplementary or Tier 2 regulatory capital for capital adequacy purposes on a consolidated basis.

An Investment Company Event means that the Postbank will have requested and received an opinion of a nationally recognized U.S. law firm experienced in such matters to the effect that there is more than insubstantial risk that the Company or the Trust is or will be considered an "investment company" within the meaning of the Investment Company Act of 1940, as amended, as a result of any judicial decision, pronouncement or interpretation (irrespective of the manner made known), the adoption or amendment of any law, rule or regulation, or any notice or announcement (including any notice or announcement of intent to adopt such law, rule or regulation) by any U.S. legislative body, court, governmental agency, or regulatory authority, in each case after the date of the Agreement.

The Company, an affiliated entity, pays all administrative expenses incurred by the Trust and the Company. In addition, Postbank and the Company have entered into a support undertaking for the benefit of the Trust and the holders of the Trust Preferred Securities.

The common stock of the Trust is held by Postbank, acting through its New York Branch. The common stock of the Company is held by Postbank.

(6) Fair Value of Financial Instruments

International Financial Accounting Standards (IFRS) 7, *Financial Instruments: Disclosure* requires the disclosure of fair value information about financial instruments for which it is practicable to estimate that value, whether or not the instrument is recognized in the statement of financial condition. Quoted market prices, when available, are used as the measure of fair value. In cases where quoted market prices are not available, fair values are based on present value estimates of anticipated cash flows.

These derived fair values are significantly affected by assumptions used, principally the timing of future cash flows and the discount rate. Because comparisons to independent market quotes are not possible and assumptions are inherently subjective in nature, the estimated fair values cannot be substantiated and, in many cases, these estimated fair values could not necessarily be realized in an immediate sale or settlement of the instruments.

The following are the estimated fair values of the Trust's financial instruments recognized on the statement of financial condition:

	December 31, 2009		December 31, 2008	
	Carrying amount (€)	Fair value (€)	Carrying amount (€)	Fair value (€)
Investment securities	300,001,000	147,013,230	300,001,000	105,009,450
Securitized liabilities	300,000,000	140,250,000	300,000,000	108,000,000

Auditor's Report

To Deutsche Postbank Funding Trust I, Wilmington/Delaware, USA

We have audited the financial statements, comprising the statement of financial position, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows and the notes to the financial statements, together with the bookkeeping system, and management report of Deutsche Postbank Funding Trust I, Wilmington/Delaware, USA (the "Trust") for the business year from January 1 to December 31, 2009, which are part of the annual financial report (Jahresfinanzbericht) pursuant to § (Article) 37v WpHG ("Wertpapierhandelsgesetz": German Securities Trading Act). The maintenance of the books and records and the preparation of the financial statements in accordance with the IFRS, as adopted by the EU, and of the management report in accordance with German commercial law are the responsibility of the Trust's legal representatives. Our responsibility is to express an opinion on the financial statements, together with the bookkeeping system, and the management report based on our audit.

We conducted our audit of the financial statements in accordance with § 317 HGB ("Handelsgesetzbuch": German Commercial Code) and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer (Institute of Public Auditors in Germany) (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the financial statements in accordance with IFRS, as adopted by the EU, and in the management report are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Trust and expectations as to possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the books and records, the financial statements and the management report are examined primarily on a test basis within the framework of the audit. The audit includes assessing the accounting principles used and significant estimates made by the Trust's legal representatives as well as evaluating the overall presentation of the financial statements and the management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion based on the findings of our audit, the financial statements comply with the IFRS, as adopted by the EU, and give a true and fair view of the net assets, financial position and results of operations of the Trust in accordance with these requirements. The management report is consistent with the financial statements and as a whole provides a suitable view of the Trust's position and suitably presents the opportunities and risks of future development.
