

Deutsche Postbank Funding Trust IV

(a statutory trust formed under the Delaware Statutory Trust Act with its principal place of business in New York, NY, U.S.A.)

Financial Report

Annual Financial Report 2012

pursuant to section 37v of the German Securities Trading Act (*Wertpapierhandelsgesetz*)

Management Report

Deutsche Postbank Funding Trust IV (the "Trust") was set up to issue Trust Preferred Securities, to issue a Trust Common Security to Deutsche Postbank AG (the "Postbank") and to use all proceeds derived from such issuances to purchase Class B Preferred Securities issued by Deutsche Postbank Funding LLC IV (the "Company").

The noncumulative trust preferred securities (the "Trust Preferred Securities"), liquidation preference amount €50,000 per security (the "Liquidation Preference Amount"), represent preferred undivided beneficial ownership interest in the assets of the Trust, a statutory trust created under the laws of the State of Delaware, United States of America. One Common Security of the Trust was held by Postbank during fiscal year 2012. See "Events after the Reporting Period" below. The assets of the Trust consist solely of noncumulative Class B Preferred Securities issued by the Company, a Delaware limited liability company which has the benefit of a support undertaking issued by Postbank. The terms of the Trust Preferred Securities are substantially identical to the terms of the Class B Preferred Securities. The Company invests the proceeds from the sale of the Class B Preferred Securities in subordinated debt obligations issued by Postbank.

The Trust Preferred Securities and the Class B Preferred Securities do not have a maturity date and are not be redeemable at any time at the option of the holder thereof. The Trust and the Company may redeem the Trust Preferred Securities and the Class B Preferred Securities, as the case may be, in whole, but not in part, on the Initial Redemption Date (as defined herein) scheduled to occur on June 29, 2017 or any Capital Payment Date (as defined herein) thereafter, or at any time upon the occurrence of certain tax and capital disqualification events as more fully described herein.

Distributions in respect of the Trust Preferred Securities and the Class B Preferred Securities, referred to as Capital Payments, are non-cumulative and accrue on the Liquidation Preference Amount to but excluding June 29, 2017 (the "Reset Date"), at a fixed rate of 5.983% per annum, payable annually in arrears on June 29 of each year (including on the Reset Date) and for each Capital Payment Period commencing on or after the Reset Date, at 3-month EURIBOR for such Capital Payment Period plus 2.07% per annum, payable quarterly in arrears on March 29, June 29, September 29 and December 29 of each year. Capital Payments are subject to certain conditions, including that Postbank has an amount of Distributable Profits for the preceding financial year at least equal to the Capital Payments.

Capital Payments on the Class B Preferred Securities are authorized to be declared and paid on any Capital Payment Date to the extent that:

- the Company has an amount of Operating Profits for the Capital Payment Period ending on the day immediately preceding such Capital Payment Date at least equal to the amount of such Capital Payments, and
- Postbank has Distributable Profits for the preceding fiscal year for which audited unconsolidated financial statements are available in an amount at least equal to the aggregate amount of such Capital Payments and all capital payments, dividends or other distributions on Parity Securities, if any, which Distributable Profits for the preceding fiscal year are allocated among Capital Payments and capital payments, dividends or other distributions on Parity Securities, pro rata.

The terms "3-month EURIBOR", "Capital Payment Period", "Operating Profit", "Distributable Profits" and "Parity Securities" and other capitalized terms used but not defined herein are described in detail in the Sales Prospectus relating to the Trust Preferred Securities dated June 27, 2007.

Results of Operations

During the fiscal year 2012, the Company and Postbank had sufficient Operating Profit and Distributable Profits, respectively to make Capital Payments at the stated rate and the Trust received Capital Payments from the Company at such rate and when due under the LLC Agreement. As a consequence, the Trust made Capital Payments on the Trust Preferred Securities at such rate at the scheduled date pursuant to the Trust Agreement. The Trust made no payments or other distributions on the Trust Common Security.

Under the Services Agreement, PB Capital Corporation – a subsidiary of the Postbank during the reporting period – is obligated, among other things, to provide legal, accounting, tax and other general support services to the Trust, to maintain compliance with all applicable U. S. and German local, state and federal laws, and to provide administrative, recordkeeping and secretarial services for the Trust. The fees and expenses of the Trust and all other obligations of the Trust will be paid by the Company and Postbank. During the fiscal year 2012 the Trust received all such services and Postbank paid such fees, expenses and obligations as provided in the Services Agreement.

Net income in fiscal year 2012 was EUR 2,967; which corresponds to the expectation of a break-even result in the previous period.

Risk Report

The Trust is affected mainly by market, credit and liquidity risk all of which are managed by Postbank Group.

Market risk

Market risk denotes the potential risk that may lead to losses in financial transactions due to changes in interest rates, spreads, volatilities, commodity prices, exchange rates, and equity prices.

The market risk in form of interest rate risk of the assets and liabilities of the Trust offset each other.

Liquidity risk

Liquidity risk is defined as the risk of being unable to meet current or future payment obligations.

Since the terms of the assets and liabilities are equivalent, the liquidity risk is insignificant.

Credit risk

Credit risk is the risk of possible losses arising from the inability of a counterparty to discharge its payment obligations, or from deterioration in its credit rating.

The Trust's assets are subject to the credit risk of Postbank which has an investment grade rating.

Events after the Reporting Period

Postbank sold the Common Security of the Trust and the Common Security of the Company to Deutsche Bank AG. The assignment and transfer of ownership was effective January 1, 2013. The terms of the Trust Securities and Company Securities are not affected by the transaction.

Outlook

Payments by the Company on the Class B Preferred Securities are the source of funds for the Capital Payments on the Trust Preferred Securities. In turn, the Company has invested all proceeds from the issuance of the Class B Preferred Securities in Initial Debt Securities issued by Postbank. Under the Initial Debt Securities, interest is paid to but excluding the Reset Date, at a fixed rate of at least 5.983% per annum, payable annually in arrears on June 29 of each year and after the Reset Date at a rate of at least 2.07% above 3-month EURIBOR. The Trust expects that the Company and Postbank will continue to meet their respective obligations under the Class B Preferred Securities and the Initial Debt Securities, as applicable, made in connection with the Trust Preferred Securities. For 2013 and 2014 the Trust expects a break-even result.

Deutsche Postbank Funding Trust IV

Notes to Financial Statements

Year ended December 31, 2012

(1) Organization

Deutsche Postbank Funding Trust IV (the "Trust") is a statutory business trust created on June 1, 2007 under the laws of the State of Delaware. The Trust was incorporated for the sole purpose of issuing EUR 500,000,000 of Trust Preferred Securities with a liquidation preference amount EUR 50,000 per security to investors and one Trust Common Security with liquidation amount of EUR 50,000 to Deutsche Postbank AG ("Postbank"). The proceeds from the issuance of the Trust Preferred Securities were used to purchase Class B Preferred Securities issued by Deutsche Postbank Funding LLC IV (the "Company"). The Trust does not engage in any business other than holding the Class B Preferred Securities, collecting Capital Payments paid with respect to the Class B Preferred Securities, paying Capital Payments to the holders of the Trust Preferred Securities, and performing ancillary activities. The activities of the Trust are conducted in Euro and the financial statements of the Trust are denominated in Euros.

The Trust entered into a Services Agreement with the Company, PB Capital Corporation and Postbank under which the Company is required to pay certain fees and expenses of the Trust. Audit fees are paid by Postbank.

During fiscal year 2012, Postbank was the parent entity of the Trust. The Trust is included in the consolidated financial statements of the Postbank Group. The ultimate controlling party of the Trust is Deutsche Bank AG, Frankfurt am Main.

(2) Basis of Accounting

The financial statements constitute an annual financial report within the meaning of the Transparenzrichtlinie-Umsetzungsgesetz (TUG – Transparency Directive Implementation Act (section 37v of the WpHG – Securities Trading Act)) as of January 5, 2007.

Interest income represents the payments received or receivable as Capital Payments on the Class B Preferred Securities. Interest expense represents payments paid or payable on the Trust Preferred Securities subject to mandatory redemption.

The Trust is a grantor trust and, as such, is a simple trust. Simple trusts must pass through all items of income and deductions to the grantor. Therefore, the Trust has no taxable income and no requirement to record a tax expense.

The disclosures on risks from financial instruments (in accordance with IFRS 7) are presented in the Risk Report contained in the Management Report.

The following Standard was required to be applied for the first time in the reporting period: IFRS 7 (am. 2010) „Transfers of Financial Assets“. The Trust does not anticipate any material effects from the new requirements.

Amendments resulting from Standards and Interpretations to be applied in future fiscal years

The principal Standards issued, the effective date, and the expected effects on Trust are summarized below:

Standard	Effective date	Description of amendments and their effects for the Trust
IAS 1 "Presentation of Items of Other Comprehensive Income"	January 1, 2013 EU Regulation 475/2012 of June 5, 2012.	The presentation of other comprehensive income has been changed such that items of other comprehensive income that will subsequently be reclassified to profit or loss are required to be grouped separately from those that will not. The Trust does not expect the new requirements to have any material effects.
IFRS 9 "Financial instruments"	According to the current timeline, IFRS 9 (Phase 1) is to be used for fiscal years beginning on or after January 1, 2015. Not yet endorsed by the EU.	The IASB has initiated a project to replace IAS 39 "Financial instruments: Recognition and Measurement". This project has been broken down into three phases, which will ultimately result in a new Standard, IFRS 9 "Financial Instruments". A finalized Standard has already been produced for Phase 1, "Classification and Measurement". This specifies that financial instruments must be classified on the basis of the entity's business model and the contractual cash flow characteristics, depending on which the instruments are classified/measured at amortized cost or at fair value. At present, only exposure drafts for Phase 2 ("Amortized Cost and Impairment") and Phase 3 ("Hedge Accounting") have been issued. Phase 2 aims to replace the incurred loss impairment model by an expected loss model that accounts for risks before they materialize. Phase 3 provides for simplifications to hedge accounting, especially in relation to the effectiveness test. The Trust is currently examining the potential effects on, and changes to, the annual financial statements.
IFRS 13 "Fair Value Measurement"	January 1, 2013 EU Regulation 1255/2012 of December 11, 2012.	IFRS 13 provides guidance in determining fair value. The goal is to harmonize the definition of fair value, the methods used to calculate it and, in particular, the disclosure requirements for fair value measurement used in different standards. The Trust does not expect the new requirements to have any material effects.
Annual Improvements 2009-2011	January 1, 2013 EU Regulation 301/2013 of March 27, 2013.	The IASB has implemented clarifications, amendments and additions to five standards as part of its Annual Improvements 2009-2011 project. The Trust does not expect the new requirements to have any material effects.

Deutsche Postbank Funding Trust IV

Notes to Financial Statements

Year ended December 31, 2012

(3) Summary of Significant Accounting Policies

All assumptions, estimates and assessments required for recognition and measurement in accordance with the IFRSs are in conformity with the respective Standards, and are regularly reassessed and based on past experience as well as other factors, including expectations as to future events that appear reasonable under the given circumstances.

(a) Investment securities

The investment securities are classified as loans and receivables (LaR) in accordance with IAS 39.

Loans and receivables (LaR) portfolios are recognized at amortized cost in the balance sheet.

The fair value disclosures on these investment securities are based upon present value estimates because they are not actively traded.

(b) Liabilities

Pursuant International Accounting Standards (IAS) 32, *Financial Instruments: Disclosure and Presentation*, and IAS 39, *Financial Instruments: Recognition and Measurement*, the Trust Preferred Securities have been classified as liabilities and are described as "Preferred Securities Subject to Mandatory Redemption".

Liabilities debts are carried at amortized cost (IAS 39.47).

(4) Preferred Securities Subject to Mandatory Redemption

On June 29, 2007, the Trust issued Trust Preferred Securities with an aggregate liquidation preference amount of EUR 500,000,000. The Trust Preferred Securities have no stated maturity, but are redeemable, in whole or in part, at the option of the Trust on June 29, 2017 (the "Initial Redemption Date") or after the Initial Redemption Date, or any Capital Payment Date thereafter.

Distributions in respect of the Trust Preferred Securities are Capital Payments, which are non-cumulative and accrue on the Liquidation Preference Amount (i) from and including June 29, 2007 (the "Issue Date") to but excluding June 29, 2017 (the "Reset Date"), at a fixed rate of 5.983% per annum, payable annually in arrears on June 29 of each year (including on the Reset Date) and (ii) for each Capital Payment Period (as defined herein) commencing on or after the Reset Date, at 3-month EURIBOR (as defined herein) for such Capital Payment Period plus 2.07% per annum, payable quarterly in arrears on March 29, June 29, September 29 and December 29 of each year. Capital Payments are subject to certain conditions, including that Postbank has an amount of Distributable Profits for the preceding financial year at least equal to the Capital Payments.

Deutsche Postbank Funding Trust IV

Notes to Financial Statements

Year ended December 31, 2012

(5) Related Party Transactions

Related Parties of the Trust are Deutsche Postbank AG, Deutsche Postbank AG subsidiaries and Deutsche Bank AG, which has controlled Postbank and indirectly the Trust during fiscal year 2012. See "Events after the Reporting Period". Other related parties are Deutsche Bank AG's subsidiaries.

Name	Address
Deutsche Bank AG	Taunusanlage 12, 60262 Frankfurt am Main, Germany
Deutsche Postbank AG	Friedrich-Ebert-Allee 114-126, 53113, Bonn, Germany
Deutsche Postbank Funding LLC IV	230 Park Avenue, New York, NY 10169, USA
PB Capital Corporation	230 Park Avenue, New York, NY 10169, USA

With the proceeds of the issuance of the Trust Preferred Securities, the Trust purchased an aggregate liquidation preference amount of EUR 500,050,000 of Class B Preferred Securities, issued by Deutsche Postbank Funding LLC IV (the "Company"), an affiliated entity, on June 29, 2007. Class B Preferred Securities do not have a maturity date and are not redeemable at any time at the option of the holders. The Trust and the Company may redeem the Trust Preferred Securities and the Class B Preferred Securities, as the case may be, on the Initial Redemption Date scheduled to occur on June 27, 2017 or any Capital Payment Date, except upon the occurrence of certain tax and capital disqualification events.

Capital Payments are non-cumulative and accrue on the Liquidation Preference Amount to but excluding June 29, 2017 (the "Reset Date"), at a fixed rate of 5.983% per annum, payable annually in arrears on June 29 of each year (including on the Reset Date) and for each Capital Payment Period commencing on or after the Reset Date, at 3-month EURIBOR for such Capital Payment Period plus 2.07% per annum, payable quarterly in arrears on March 29, June 29, September 29 and December 29 of each year.

All Capital Payments paid on the Class B Preferred Securities are passed through to the holders of the Trust Preferred Securities as Capital Payments on the Trust Preferred Securities.

The Trust Preferred Securities and the Class B Preferred Securities are not redeemable by the Trust or the Company, as the case may be prior to the June 29, 2017 (the "Initial Redemption Date") except upon the occurrence of a Tax Event, a Regulatory Event or Investment Company Act Event. The Company may redeem the Class B Preferred Securities in whole (but not in part) on the Initial Redemption Date or any Capital Payment Date thereafter. If the Company redeems the Class B Preferred Securities, the Trust must redeem the Trust Preferred Securities under the terms of the Trust Agreement.

In the event of any voluntary or involuntary liquidation, dissolution, winding up or termination of the Trust, the holders of the Trust Preferred Securities at the time outstanding shall, subject to certain limitations, be entitled to receive a corresponding number of Class B Preferred Securities.

A Tax Event means the receipt by Postbank of an opinion of a nationally recognized law firm or other tax adviser in the United States or Germany, as appropriate, experienced in such matters, to the effect, that, as a result of (i) any amendment to, or clarification of, or change (including any announced prospective change) in, the laws or treaties (or any regulations promulgated thereunder) of the United States or Germany or any political subdivision or taxing authority thereof or therein affecting taxation, (ii) any judicial decision, official administrative pronouncement, published or private ruling, regulatory procedure, notice or announcement (including any notice or announcement of intent to adopt such procedures or regulations) ("Administrative Action") or (iii) any amendment to, clarification of, or change in the official

position or the interpretation of such Administrative Action or any interpretation or pronouncement that provides for a position with respect to such Administrative Action that differs from the theretofore generally accepted position, in each case, by any legislative body, court, governmental authority or regulatory body, irrespective of the manner in which such amendment, clarification or change is made known, which amendment, clarification or change is effective, or which pronouncement or decision is announced, on or after the date of issuance of the Company Securities and Trust Securities, there is more than an insubstantial risk that (a) the Trust or Company is or will be subject to more than a de minimis amount of taxes, duties or other governmental charges, or (b) the Trust, the Company or an obligor on the Initial Debt Securities or any substitute debt securities would be obligated to pay additional amounts.

A Regulatory Event means that, as a result of the occurrence of any amendment to, or change (including any change that has been adopted but has not yet become effective) in, the applicable banking laws of Germany (or any rules, regulations or interpretations thereunder, including rulings of the relevant banking authorities) or the guidelines of the Basle Committee for Banking Supervision, Postbank is not, or will not be, allowed to treat the Company Capital Securities as supplementary or Tier 2 regulatory capital for capital adequacy purposes on a consolidated basis.

An Investment Company Event means that Postbank will have requested and received an opinion of a nationally recognized U.S. law firm experienced in such matters to the effect that there is more than insubstantial risk that the Company or the Trust is or will be considered an "investment company" within the meaning of the Investment Company Act of 1940, as amended, as a result of any judicial decision, pronouncement or interpretation (irrespective of the manner made known), the adoption or amendment of any law, rule or regulation, or any notice or announcement (including any notice or announcement of intent to adopt such law, rule or regulation) by any U.S. legislative body, court, governmental agency, or regulatory authority, in each case after the date of the Agreement.

The Company, an affiliated entity, pays all administrative expenses incurred by the Trust and the Company. In addition, Postbank and the Company have entered into a support undertaking for the benefit of the Trust and the holders of the Trust Preferred Securities.

The Trust Common Security and the Common Security of the Company were held by Postbank during fiscal year 2012. See "Events after the Reporting Period".

Deutsche Postbank Funding Trust IV

Notes to Financial Statements

Year ended December 31, 2012

(6) Fair Value of Financial Instruments

International Financial Accounting Standards (IFRS) 7 "Financial Instruments: Disclosure" requires the disclosure of fair value information for financial instruments for which it is practicable to estimate that value, whether or not the instrument is recognized in the statement of financial condition. Quoted market prices, when available, are used as the measure of fair value. In cases where quoted market prices are not available, fair values are based on market data of another, essentially identical quoted financial instrument, when available, or present value estimates of anticipated cash flows.

The Securitized Liabilities are quoted on an active market. The quoted market price of the Securitized Liabilities is used as the measure of fair value.

The Investment Securities are not quoted on an active market. As the Securitized Liabilities are essentially the same financial instruments as the Investment Securities, the quoted market price of the Securitized Liabilities is used, in accordance with IAS 39.AG74, for measuring the fair value of the Investment Securities.

	December 31, 2012		December 31, 2011	
	Carrying amount (€)	Fair value (€)	Carrying amount (€)	Fair value (€)
Investment securities	500,050,000	433,293,325	500,050,000	290,029,000
Securitized liabilities	500,000,000	433,250,000	500,000,000	290,000,000

Responsibility Statement by the Regular Trustees

To the best of our knowledge, and in accordance with the applicable reporting principles, the financial statements of Trust give a true and fair view of the assets, liabilities, financial position and profit or loss of Trust, and the management report of Trust includes a fair review of the development and performance of the business and the position of Trust, together with a description of the principal opportunities and risks associated with the expected development of Trust.

New York/New York, April 22, 2013

The Regular Trustees

Robert Persico Jörn Joseph M. Rebecca Robertson Berit Block Jeffrey Frost

Auditor's Report

To Deutsche Postbank Funding Trust IV, Wilmington/Delaware, USA

We have audited the annual financial statements, comprising the statement of financial position, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows and the notes to the annual financial statements, together with the bookkeeping system, and the management report of Deutsche Postbank Funding Trust IV, Wilmington/Delaware, USA (the "Trust") for the business year from January 1, 2012 to December 31, 2012, which are part of the annual financial report (Jahresfinanzbericht) pursuant to § (Article) 37v WpHG ("Wertpapierhandelsgesetz": German Securities Trading Act). The maintenance of the books and records and the preparation of the annual financial statements in accordance with the IFRS, as adopted by the EU, and of the management report in accordance with German commercial law are the responsibility of the Trust's legal representatives. Our responsibility is to express an opinion on the annual financial statements, together with the bookkeeping system, and the management report based on our audit.

We conducted our audit of the annual financial statements in accordance with § (Article) 317 HGB ("Handelsgesetzbuch": German Commercial Code) and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer (Institute of Public Auditors in Germany) (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the annual financial statements in accordance with IFRS, as adopted by the EU, and in the management report are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Trust and expectations as to possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the books and records, the annual financial statements and the management report are examined primarily on a test basis within the framework of the audit. The audit includes assessing the accounting principles used and significant estimates made by the Trust's legal representatives as well as evaluating the overall presentation of the annual financial statements and management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion based on the findings of our audit, the annual financial statements comply with the IFRS, as adopted by the EU, and give a true and fair view of the net assets, financial position and results of operations of the Trust in accordance with these requirements. The management report is consistent with the annual financial statements and as a whole provides a suitable view of the Trust's position and suitably presents the opportunities and risks of future development.
